MESSAGE FROM THE CHIEF

A NEW PLATFORM FOR OUR STRATEGIC PLAN

In this strategic plan you will find identified priorities and objectives which are aligned with our Vision, Mission and Values to provide police services, programs and facilities that meet the needs of a diverse community in a financially responsible manner.

We are appreciative of all who contributed to the development of this plan, which as a living document, provides a roadmap for our organization and community to realize a safe, equitable, and effective form of policing to contribute to a vibrant community.

Thank you for taking the time to review this strategic plan and learn about all the ways the dedicated women and men of the Piedmont Police Department are working to contribute to the safety of Piedmont.

We want to be transparent with you, our residents, about our police department's policies and procedures. We acknowledge that, while we strive to employ progressive policies and a culture of accountability among our ranks, we can always do better. Please visit our website www.piedmont.ca.gov to find out more and stay connected.

It is my privilege to introduce the Piedmont Police Department's Strategic Plan for 2021-2024. This strategic plan represents the collaborative efforts of many people who took the time and had the trust to engage in open and honest conversations about community safety in our City.

This plan, and the work contained in it, comes at a critical time in our City's history. Navigating a pandemic and addressing social equity issues, all with the specter of environmental challenges and natural disasters in the background, require us as a community to come together. While the outcomes of these challenges are not known we are confident that our partnerships, openness, and accountability will position the Department to meet the current day challenges as well as challenges yet to come.

OUR VISION

The Piedmont Police Department contributes to community safety and equity by continually exemplifying the best of policing.

OUR MISSION

The Piedmont Police Department is dedicated to providing quality service in an honest, ethical and impartial manner. We strive to reduce crime and improve public safety by engaging with our community and utilizing innovative technology.

OUR VALUES

Integrity: Our organizational legitimacy is based on the ethics and honesty of each employee to ensure we earn and maintain trust.

Professionalism: As dedicated employees, we are committed to and accountable for providing outstanding service.

Respect: With each personal encounter, we treat all with dignity and acknowledge the need for voice and listening in order to build trust and find solutions.

THE PLANNING PROCESS

The development of the three year strategic plan was a multi-step project that at its inception sought to gather a wide spectrum of input from the community, police department staff and other City employees.

THE DEPARTMENT RETAINED THE PROFESSIONAL SERVICES OF DR. MARILYN MANNING AND HER TEAM TO CONDUCT THE FOLLOWING EFFORTS:

- Focus group sessions with community members representing the following groups:
 - Piedmont League of Women Voters
 - Piedmont Public Safety Committee
 - Piedmont Seniors
 - Piedmont Anti-Racist Diversity Committee (PADC)
 - Piedmont Racial Equity Campaign (PREC)
 - Corpus Christi Church
 - Piedmont Community Church
 - Kehilla Synagogue
 - Piedmont Unified School District
 - Neighborhood Representatives
- Focus group sessions with City staff representing each of the City departments.
- Focus group sessions with all department personnel.

TEAM BUILDING WORKSHOP

The final step in the strategic planning process consisted of a two-day Team Building Workshop which included supervisory and administrative staff. Over the course of the two days the team systematically constructed a three-year plan to ensure continued successes, address gaps, and plan for future needs along the five overarching areas.

We are grateful to have the insights from the focus groups. As a whole, we were able to gather important community insight into the current and prospective services within the department's offerings.

FIVE KEY IMPERATIVES

ONCE THE CONTENT OF THE FOCUS GROUPS WERE ANALYZED, THE FOLLOWING FIVE DISTINCT AREAS EMERGED:

- 1 COMMUNITY ENGAGEMENT AND EXTERNAL COMMUNICATION
- 2 EMPLOYEE DEVELOPMENT AND WELLNESS
- 3 INTERNAL COMMUNICATION
- 4 TECHNOLOGY AND FACILITY CONSIDERATIONS
- 5 POLICING AND LEGISLATIVE REFORMS

IMPLEMENTATION AND EVALUATION

This Strategic Plan is a living, breathing document that will guide the actions of the Piedmont Police Department over the next three years. To ensure this document serves as a planning tool rather than an abstract document, it will be used, referred to, and regularly updated during Department staff meetings.

WE ENCOURAGE COMMUNITY PARTICIPATION AND FEEDBACK. PLEASE VISIT US AT WWW.PIEDMONT.CA.GOV

EXTERNAL COMMUNICATION AND COMMUNITY ENGAGEMENT

External communication and community engagement are critical to maintaining a strong relationship between the Department and public to ensure we achieve transparency and open lines of communication. Through these efforts, the Department strives to maintain trust and legitimacy with the public we serve.

It is with a fundamental understanding and deep compassion that the Department recognizes and prioritizes the health and welfare of each employee. From day-to-day interactions to the systemic practices of our organization, our employees' wellness and development stand as a priority.

TECHNOLOGY AND FACILITY CONSIDERATIONS

The effective use of technology is a key ingredient to our mission of ensuring the public's safety. The community has given their support and provided tools and technology which the Department has leveraged as a force multiplier. As the City, Department and community look to the future of providing public safety services in Piedmont, we all must address aging infrastructure in a collaborative and fiscally sound manner.

POLICING AND LEGISLATIVE REFORMS

The way in which law enforcement services are delivered to the public is a topic of much discussion and focus. As we assess different and better ways to provide law enforcement services to the public we must be data driven, cognisant of best practices, and effective in implementing legislative mandates. Change is often challenging and as a professional organization we understand how the process of change strengthens us and makes us a more effective organization.
